

BUDGET: 2011 / 2012 – 2013 / 2014

19.04.2011

TABLE OF CONTENTS

SECTION A - BUDGET

Part 1

1. Glossary
- 2 Mayors Report
- 3 Resolutions
4. Executive Summary
- 5 Annual budget tables

- A1 Budget Summary
- A2 Budgeted Financial Performance – by standard classification
- A3 Budgeted Financial Performance – by municipal vote
- A4 Budgeted Financial Performance
- A5 Budgeted capital Expenditure by vote and Funding
- A6 Budgeted Financial Position
- A7 Budgeted Cash Flows
- A8 Cash backed reserves/accumulated surplus reconciliation
- A9 Asset Management
- A10 Basic service delivery measurement

Part 2

- 1 Overview of annual Budget Process
- 2 Overview of alignment of annual budget with Integrated Development Plan
- 3 Measurable performance objectives and indicators

4. Overview of Budget Related Policies and amendments
5. Overview of Budget Assumptions
6. Overview of Budget Funding
7. Expenditure on allocations and grant programmes
8. Allocations or grants made by the municipality
9. Councillor allowances and employee benefits
10. Monthly targets for revenue, expenditure and cash flow
11. Capital expenditure detail
12. Legislation compliance status
13. Other supporting documents
14. Municipal Manager's quality certification

SECTION B – BUDGET

1. Operating Budget
2. Capital Budget
3. Tariffs for Rates, Refuse, Water and Electricity
4. Sundry Tariffs
5. Budget Schedules
6. Supporting Tables

SECTION C – INTEGRATED DEVELOPMENT PLAN

SECTION A – Part 1

1 Glossary

Adjustments Budgets – Prescribed in section 28 of the Municipal Finance Management Act. It is the formal means by which a municipality may revise its budget during a financial year.

Allocations – Money received from Provincial and National Treasury.

Budget – The financial plan of a municipality.

Budget related policy – Policy of a municipality affecting or affected by the budget.

Capital Expenditure – Spending on municipal assets such as land, buildings and vehicles. Any capital expenditure must be reflected as an asset on a municipality's balance sheet.

Cash Flow Statement – A statement showing when actual cash will be received and spent by the Municipality , and the month end balances of cash and short term investments. Cash receipts and payments do not always coincide with budgeted income and expenditure timings. For example, when an invoice is received by the Municipality it is shown as expenditure in the month that the services or goods are received, even though it may not be paid in the same period.

DORA – Division of Revenue Act. The annual piece of legislation that indicate the allocations from National Government to Local Government.

Equitable Share – A general grant paid to municipalities. It is predominantly targeted to assist with free basic services.

GDPI - Gross Domestic Fixed Investment

GFS – Government Finance Statistics. An internationally recognised classification system that facilitates comparisons between municipalities.

Glossary (Cont)

IDP – Integrated Development Plan. The main strategic planning document of a municipality.

KPI – Key Performance Indicators. Measures of service output and/or outcome.

LM – Langeberg Municipality

MFMA - Municipal Finance Management Act (No 53 of 2003). The principle piece of legislation relating to municipal financial management.

MTREF – Medium Term Revenue and Expenditure Framework as prescribed by the MFMA sets out indicative revenue and projected expenditure for the budget year plus two outer financial years to determine the affordability level.

Operating Expenditure – Spending on the day to day expenses of a municipality such as general expenses, salaries & wages and repairs & maintenance.

Rates – Local Government tax based on assessed valuation of a property.

TMA – Total Municipal Account

SDBIP – Service Delivery Budget Implementation Plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.

Strategic Objectives – The main priorities of a municipality as set out in the IDP. Budgeted spending must contribute towards achievement of these strategic objectives.

Vote – One of the main segments into which a budget is divided, usually at department level.

Social and Economic Development

Speaker, since we took over as a ruling party, the ANC led Coalition has taken to heart the issue of joblessness and poverty. We have made sure that practical steps have been implemented to grow the economy of Langeberg Municipal Area.

In 2008 we started introducing poverty alleviation programmes in which we created no less than 3 500 temporary jobs for the poorest of the poor. Our Expanded Public Works Programme has been very beneficial to drive temporary job opportunities. Speaker one might be tempted to say temporary jobs are not a big deal but I wish to relate a true experience of one lady who was in tears because she had just received her first salary of R 500 per week in 2008 and what a nice feeling she had to be able to walk into her house with bags full of groceries. These are things we take for granted yet it is not the experience of many of the poorest families in our municipal area.

With our housing development programme we have afforded many emerging contractors an opportunity to participate as entrepreneurs in the economy of the municipal area. Yes, through our housing development programme we have injected approximately R 40 million in the economy of Langeberg Municipal Area because we are serious on economic development.

Speaker, one of the problems we experience in this region, is lack of access to government services. Each time a child is born you must go to Worcester to register the child. If you want to apply for an Identity Document you must go to Worcester. If you want to apply for social grant or old age pension, you must go to Worcester. I am happy to report that after extensive discussions with various departments, Home Affairs, Social Development, SASSA and a number of other government departments will be moving into the Thusong Centre which is currently under construction and scheduled for completion in November 2011. The days of going to Worcester to access government services is nearly over.

It also a major achievement that our municipality was granted an R 12 million Neighbourhood Development Grant by National Treasury. So far we have completed the status quo report and the Consultant is busy compiling a business plan to unlock the entire development grant. As part of this grant we have started upgrading the Taxi Rank in Zolani and to beautify the land along Swellendam Road. As part of this grant we will also upgrading the other previously disadvantaged areas within our municipal area.

During our term of office the ANC led Coalition has also embarked on a programme to upgrade the sporting facilities especially in Cognamanskloof and Zolani. The Cognamanskloof pavilion is almost 95% complete and it is indeed huge improvement to the Sports Clubs in that area. Zolani's Pavillion is going out on tender shortly for completion in the next financial year.

Another highlight of our term of office is the focus we made on youth development. We have successfully a Youth Advisory Centre which deals with a number of youth issues including assistance with Bursary Applications, Career Counseling, HIV AIDS Programmes, Job Applications and skills development. Soon after the elections, a Youth Development Policy will serve before the Council for adoption. This policy will pave the way for the establishment of Langeberg Youth Council.

Speaker, as you know lack of skills is one of the causes of unemployment in our municipal area. During our term we have also done a lot of skills development for our communities. For example, we trained a group of 36 unemployed persons in road repair and maintenance as well as tarring of roads. They have been placed in our Civil Engineering Department to get in-service training. The objective is to impart the skills of the road repairs and maintenance on them with the aim:

- To build a cadre of contractors that will take advantage of most of the R3.5m road maintenance annually in line with the Municipal commitment to keep most of the budget the capital local.
- This group has been formed into 3 co-ops business entities that will tender for road maintenance work either with in the Langeberg or Provincial and

District Municipality's Roads Department, so that they could independently earn an income.

- At the end of this programme the beneficiaries will get an accredited training in roads repair to increase chances of employability should they choose that route.

Arts and Culture

With regard to Arts and Culture programme we have done exceptionally well. Last year we launched this programme and approximately 1 700 youth of this area participated in this programme. The purpose of this programme is to unearth and develop local artists in all forms e.g. poetry, choral music, dance and fine art to enable these artists to derive economic benefit from their talent.

As a direct result of this programme I am pleased to announce that a local group, ST Moses Male Voices of Cognanskloof was assisted to record in Cape Town on the 2nd of April 2011 and their CD will be available towards the end of May.

Furthermore, 56 CV's and footage of drama artists that auditioned with us have been submitted to a casting agent in Cape Town on the 8 April, for exposure to production companies that would hopefully hire them for the shooting of adverts, and other productions.

Speaker all of these efforts are done to ensure that we build a prosperous community.

Institutional Transformation

Speaker when the ANC led Coalition came into power, we chose to embrace all staff and not embark on a purging staff because of their race or political affiliation. This principle has created a stable administration with a clear focus on service delivery. However, I cannot deny the fact that the staff compliment was not reflecting the demographics of the municipal area. This was especially the case in the technical, administrative and manager categories. Therefore transformation was necessary to comply with the Constitution and Employment Equity Act. Our approach to transformation was to treat it as process and not a once off event. We used vacancies that occurred as a result of natural attrition rather than dismissing staff.

Despite the claim of some people and Councilors I may add, that this municipality is not employing Coloureds, the figures prove the contrary. During our term of office, the administration appointed 452 employees of which 242 (54%) were Coloureds, 173 (38%) were Africans and 47 (8%) were Whites. It is important to note that we still have an over representation of Whites at the Management and Technical Categories whereas the Coloureds are over represented at the Elementary and Trade Categories. However, if

you look at the overall statistics I am satisfied that we are making good progress in achieving equity in the administration. The relevant statistics are as follows:

- Africans are 27% the target is 30%;
- Coloureds are 58% yet the target is 50%;
- Whites are 15% and the target is 20%.

GOVERNANCE ISSUES

1. International Relations

Recognizing the fact that Langeberg is part of the Global Village, the ANC led Coalition, adopted the principle of having twinning agreements with municipalities in other parts of the world. In October 2006 we concluded a Twinning Agreement with Rheden Municipality in the Netherlands. There is no doubt that the quick progress we have made in waste management has been a direct result of the Twinning Agreement. There was no need for us to employ consultants to advise us but we learned from their experience of many years practicing waste minimization programmes.

Recently, we entered into a Twinning Agreement with Grimmen Municipality to cooperate in the areas of Economic Development, Renewable Energy and Arts and Culture. Although this agreement is still very new I am convinced that we will certainly benefit immensely from it.

2. Financial Position

The section 71 reports clearly show the financial health of the organization. Although we have stepped up service delivery, we did not do so to the detriment of the municipality. Contrary to the popular belief that we will run this municipality bankrupt, we have introduced prudent financial management. During the last financial year, this municipality registered a collection rate of 99,5%. Speaker, I challenge any one to show me which municipality has achieved this in the Western Cape or throughout the Country. This is remarkable performance.

Speaker the Net Assets of the municipality has grown consistently despite the fact that we have stepped up service delivery. The Net Asset is made up by the following reserves:

- The Capital Replacement Reserve (Own Funds);
- The Capitalisation Reserve (Depreciation)
- Government Grant Reserve;
- Housing Development Fund; and
- Accumulated Surplus/Deficit.

According to the Audited Financial Statements of the municipality, the Net Assets have grown from R 358,0m in 2008, R 373,8m in 2009 and R 401,3 in 2010.

If you look at our Liquidity Analysis you can clearly see that the municipality is financially sound.

The Current Ratio is 1.9, the Quick Ratio 1.8 and the Net Working Capital Ratio is 0,11. What do these ratios mean?

This is obviously a good position for the Municipality to be in. It can meet its short-term debt obligations with no stress. If the quick ratio was less than 1, then the firm would have to sell inventory to meet its obligations. So a quick ratio great than 1 is better than a quick ratio of less than 1 with regard to maintaining liquidity and not being forced into the position of having to sell inventory or having to acquire more funds.

3. Audit Reports

Speaker, it is important to note that since we took over the ruling of this municipality, we have installed an administration that is upholding the principle of good governance. We have consistently received unqualified audit opinions since 2006 up to now. The matters of emphasis have been substantially reduced to the extent we are left with three issues to sort out so that we can get a Clean Audit Report. This is the quality of leadership of the ANC Coalition and the administrative leadership we installed.

4. Performance Management System

Speaker, you will recall that when we took over the Municipality in 2006, there were virtually no performance management systems yet performance bonuses were being paid to Senior Management. We have setup a transparent system in accordance with the requirements of the law. This performance management system is now systematically cascaded to other levels in the organization. All of this is done to inculcate a culture of service delivery.

5. IDP

Our IDP has now moved to be a credible one. Recent assessment by Provincial Treasury has also shown that the process we follow is in line with requirements of the law. When our officials present our model of public participation at national levels you can clearly determine that we are the trend setters in this regard.

6. Ward Committees

Speaker, you personally know that Langeberg Municipality is a model for functioning Ward Committees. I am aware of the fact that there are certain improvements needed in the way Ward Committees function but in the main we are functioning well. I would like to take this opportunity to thank all our Ward Committee members who volunteered their time, skill and effort to advance community development. We all know that the term of office of Ward Committee members run concurrent with that of the Councillors, consequently they will also come up for reelection.

7. Merit Awards

It is common cause that this municipality has and still is the star performer in the Western Cape. We have been awarded a number merit awards during this period. In 2007 we were the second runners up in the Vuna Awards and first runners up in the Cleanest Town Competition. In 2008 we won the Cleanest Town Competition in the Western Cape and in 2009 we won the Cleanest Town Competition in South Africa.

These achievements do not just come for nothing but it is hard work and requires good leadership. It is therefore appropriate that I thank my colleagues in the Mayoral Committee and the Executive Management Team for the excellent leadership.

The Budget

GLOBAL AND DOMESTIC ECONOMIC OUTLOOK - MARCH 2011

During the second half of 2010, it became increasingly certain that the US would not enter a "double-dip" recession. This was due to better-than-expected economic data arising from the US. The US economy expanded by 2.6% y-o-y in the third quarter of

2010 and by over 3% y-o-y in the fourth quarter of 2010. The last time that the US grew at this pace was over five years ago, which was the third quarter of 2005! The IMF predicts that the US will grow by 3% in 2011 before slowing to 2.7% in 2012.

US consumer spending rose for the fifth straight month in November 2010 and the extension of Bush-era tax cuts for another two years may further support consumer spending over the medium term. Other factors that are supportive of US growth include stimulus measures such as "QE2" and low interest rates, which have remained close to 0% for over two years already. Japan and Europe are also expected to keep interest rates low in 2011.

The consequences of this artificial and unprecedented stimulus by developed countries are yet to be experienced. As a result, economic uncertainty is likely to prevail going forward.

Concerns about the sovereign crisis in Europe remained in December 2010 as austerity measures in Greece and Spain led to wide-spread protests in those countries. Heavily indebted countries in the periphery of the Eurozone area (Portugal, Ireland, Italy, Greece and Spain) may be forced to cut spending, raise the normal retirement age, raise taxes and/or receive a bailout. Already most of these countries have suffered from a downgrade in their respective credit ratings, which increases the cost of borrowing at an inopportune time.

With developed markets suffering from high debt levels and low growth prospects, emerging markets are expected to grow at rates in excess of 5% p.a. and are in a better fiscal position than most developed countries. In fact, the IMF expects that emerging markets will grow by 6.5% in 2011 and 2012, driven largely by India and China. South Africa is expected to grow at 3.4% in 2011 and 4.1% in 2012.

The weaker US dollar and recent political instability in the Middle East and North Africa regions have contributed to higher gold and oil prices. Gold is close to its all-time high, while the oil price has breached the \$100 per barrel level. The higher oil price may lower the prospects for growth in developed countries while increase inflation in emerging markets.

Foreign capital flows into South Africa remained at high levels during 2010. As a result, the Rand strengthened against the US dollar during 2010, breaching the R6.70/US\$ level in the fourth quarter of 2010. The Rand is expected to weaken to R7.46 to the US dollar by the end of 2011 and R7.79 to the US dollar at the end of 2012 based on the purchasing power parity basis. Consumer confidence in South Africa reached a two-year high in December 2010 but weak house price growth and unemployment continues to be a concern.

Inflation and interest rates in South Africa reached a cyclical low in 2010. However, headline inflation is expected to increase to 5.1% year-on-year by the end of 2011 due to rising food and transport costs. Headline inflation is expected to increase further to 5.7% year-on-year by the end of 2012. However, the Rand plays an important part in these forecasts. If the Rand remains strong or strengthens further, it is likely that inflation may be lower than expected. Interest rates in South Africa are expected to increase with the prime rate increasing from 9% to 9.5% towards the end of 2011 or early 2012 and to 10.5% or 11% by the end of 2012.

While the global economy has recovered from the adverse effects of the Global Financial Crisis, macro-economic risks remain, particularly in developed countries. The global economy is experiencing structural changes leading to outcomes that are difficult to predict. The one thing that is certain is that volatility and uncertainty is here to stay.

The Salient Features of the Budget:

1. Staff costs:

Having regard to the wage agreement concluded at the Bargaining Council including notch increases, the staff costs and will increase by 9.80%.

2. General Expenditure:

General Expenditure increase amounts by 15.84%.

3. Repairs and maintenance:

Repairs and maintenance is reduced by 10.03%. Some of the repairs are of a capital nature, and provision is made on the capital budget for this expenditure.

4. Capital costs:

Interest payable is reduced by 27.22% due to the fact that the proposed loan with the Development Bank of Southern Africa will not be taken up.

5. Bad Debts:

Provision for Bad debt reduced by 7.09%

6. Bulk Purchases:

Bulk purchases increased with 41.16%. Eskom increase the tariffs applicable to the municipality with 26.71% and further provision is made for the increase in demand.

7. Capital budget: (R 79,3 m)

The capital budget will be spent on the following:

- Housing
- Infrastructure Services
- Administration
- Community Services

8. Electricity Tariffs:

Eskom tariffs have been increased by 26.71% while Nersa had approved a guideline increase of 20.38% to municipalities. The Inclined Block Tariffs as requested by Nersa will be implemented as from 1 July 2011.

During my budget speech in 2010 I mentioned that the administration must investigate the possibility of having one tariff structure for the rural and old municipal areas. I am happy to report that this has been done but will be phased in over a two year period. As a result of this exercise, the electricity tariffs are adjusted by -20% to +60%, but the actual increase to the consumers will vary from 20 to 26% depending on the consumption of each consumer.

9. Rates:

The tariffs for rates have been decreased by 38,5% to 42,2% due to the fact that a General Valuation, with higher valuations on properties, will be implemented as from 1 July 2011.

10. Other tariffs (Water, Sanitation and Refuse removal)

- The increase of Water Tariffs will range from 5.9% to 7.7%.
- The increase of Sanitation Tariffs will be between 6.2% and 13%.
- The tariff increase for Refuse Removal will be between 5.9% and 16.4%

11. Sundry Tariffs

The sundry tariffs have been increased by approximately 6%.

12. Indigent Support

Residents with a household income of less than R 3000 per month will qualify for indigent support. The following support is provided to indigents:

- Refuse removal, sewerage and the basic water fees are subsidized;
- They will also receive 6 kiloliter water; and
- 50 kw/h units of electricity free per month.

13. Indigent Support to Farmworkers:

Speaker, for many years the Farmworkers have not been benefitting from the indigent support that was enjoyed by the residents in the urban areas. You will recall that in my budget speech of last year, I indicated that the administration has been requested to investigate the possibility to extend the indigent support to the Farmworkers who, in my opinion are the most vulnerable group of our society. I have pleasure to announce that as 1 July 2011, the Farmworkers will also enjoy Free 50 kw/h units of electricity per month.

14. Rebates on Rates:

- As a mechanism to soften the impact of economic adverse conditions to our citizens, all residential properties with a valuation of less than R 80 000 will be exempted from rates.
- Furthermore, the first R 80 000 of all properties with a valuation of more than R 80 000 will be exempted from rates,
- All pensioners with a household income of less than R3000 per month will receive a 40% rebate on their rates.

THE TOTAL BUDGET

The total budget of the Municipality for 2011/12 is as follows:

Operating Budget:	R 428,1m
Capital Budget:	R 79,2
Total Budget:	R 507,3

This budget is allocated as follows:

1. Municipal Manager's Department:	R 15,2m
2. Corporate Services:	R 9,2m
3. Financial Services:	R 46,2m
4. Community Services:	R 75,6m
5. Infrastructure Development Services:	R 300,8m

6. Integrated Human Settlements:	R 44,2m
7. Governance & General Expenses:	R 16,1m

CONCLUSION

Speaker, I want to conclude by saying that this budget must not be about the numbers but it should be a plan that will touch the lives of our people in a meaningful way. Yes this budget must provide relief to the poverty stricken communities of this municipality. The community must judge us in the manner this budget is implemented.

The late JF Kennedy once said, "A man may die, nations may rise and fall, but an idea lives on." As we stand at the dawn of the Municipal Elections, I hope that this idea of a prosperous community must live on. We must never forget the plight of the poorest of the poor but continually strive for a better life for all. As this is my final Budget Speech in this house, I would like to take this opportunity to wish all the candidates good luck for the 18th of May 2011.

I would like to take this opportunity to thank the members of the Budget Steering Committee, my colleagues in the Mayoral Committee, the Municipal Manager and the Executive Management Team who all made valuable input into the formulation of this budget.

Finally, Speaker it gives me great pleasure to table the budget for MTEF 2011/12 to 2013/14, the IDP, the Budget Related Policies and this speech for consideration in terms of section 16(2) of the Local Government: Municipal Finance Management Act, 2003. (Act No. 56 of 2003)

I thank you.

LANGEBERG

MUNICIPALITY OF LANGEBERG

MAYORAL BUDGET SPEECH DELIVERED ON 19 APRIL 2011
EXECUTIVE MAYOR: SJ NGONYAMA

Mr Speaker
Deputy Mayor
Honorable Councilors
Municipal Manager
Senior Managers
Distinguished Guest
Ladies and Gentlemen

On March 1, 2006 the electorate of Langeberg gave the ANC together with its coalition partners the mandate to govern this municipality. Speaker as we are now at the end of our term of office it is appropriate for me to reflect on the past five years and see what have we achieved.

As we all know that the disadvantaged communities in this area have experienced the brunt of apartheid in many respects hence these communities are characterised by poverty, joblessness, homelessness, and not participating in the economy of this region as captains of industry but as providers of labour. At this time Speaker please allow me to reflect on the last five years.

Housing:

Speaker, when the ANC Coalition took over the governance of the municipality, we found that there was no long term plan to deliver housing. As you know year after year, the communities indicated that access to housing is a priority to restore the human dignity of our people. The housing backlog was more than six thousand and was growing on a daily basis. Some people were on the waiting list for many years. In order for us to start building houses we had to start from scratch to plan housing projects. It took us two years to plan and start building houses.

I am happy to report that during this term we have managed to build 1 033 in total with a further 350 units planned for Mc Gregor, Cogman's Kloof, Zolani and Bonnievale for

2011/12. Furthermore, we have developed a long term strategy for housing delivery in the entire municipal area.

When we talk about housing I must also report that it is disappointed to me that we have not been allowed to build houses in Mc Gregor despite all efforts. The objectors who continually objected to houses being built for the people of Mc Gregor must take responsibility for the manner in which they exercised the democratic processes to the detriment of the poor communities in Mc Gregor. However, I can report that we are determined that soon, houses will be built in Mc Gregor starting with the 54 units planned for Mill Street as many residents whom we met to discuss the development have supported it. The Provincial Administration has already confirmed that this development will not trigger an ELA assessment. The development will follow soon is the approximately 100 units along Grewe Street and another 72 at the Reservoir. Processes are also in place to acquire suitable farmland abutting the residential development in Mc gregor.

Civil Engineering Works:

Speaker, you will recall that we have also found many of the disadvantaged communities with gravel roads. Apparently it was too expensive to provide tarred roads to these communities. The ANC led Coalition took a strong position to reverse these imbalances of the past. However, I must hasten to mention that there is still a lot of work to be done before these backlogs could be eradicated. Five years was obviously too short to reverse the deprivations of more than one hundred years. However, we believe that an elephant must be eaten piece by piece and for that reason we took a decision to set aside R 3m per year to ensure that the tarring of roads is done on a sustainable basis.

Speaker it is a pleasure to advise that during the five years of our leadership in this municipality we have tarred 12, 8 km of gravel roads. Furthermore, we have also decided that all new housing developments must be done simultaneously with tarred roads like we have done in Zolani, Bonnievale and Mandela Square in Montagu. Never and never again shall Houses be built without proper tarred roads.

Over and above we have also spent substantial amount of money to improve the bulk infrastructure of the municipality. Water quality and sewer networks received a lot of attention. For instance, we have done the following infrastructure upgrades:

Montagu:

Bulk Water Supply:	R 2,6 m
Water Treat Works:	R 6,5 m
Water Rehabilitation Network:	R 4,5 m

2. Mayors Report

BE PROVIDED AT COUNCIL MEETING.

3. Resolutions

That Council approves the following:

- (a) That the consolidated Operating budget of R 428 107 306, Capital budget of R 79 245 935, and budgeted cash flows, as set out in the Municipal Budget be adopted by Council and that it constitute the Budget of the Council for 2011/2012 financial year as well as medium term (indicative) budgets for the 2012/2013 and 2013/2014 financial years be approved.
- (b) That the Integrated Development Plan and any amendments thereto, be approved.
- © That the rates and tariffs for water, electricity and other municipal services be approved.
- (d) That all other matters prescribed in sections 17(1)(a-e); 17(2) and 17(3)(a-m) of the Municipal Finance Management Act are included in or accompany the budget document and be approved.
- (e) That the Tariff-, Rates-, Credit Control and Debt Collection-, Cash Management and Investment-, Veriment- and Funding and Reserves Policy be approved.
- (f) That the measurable performance objectives for 2011/2012 for operating revenue by source and by vote be approved.

4. Executive Summary

The Municipality's 2011/12 budget amounts to R 507 353 241, represented by a Capital Budget of R 79 245 935 and an Operating Budget of R 428 107 306.

Primary Operating Budget revenue- and expenditure categories reflect the following year-on-year budget value increases (estimated 2011/12 vs. original 2010/11 budget):

Revenue / tariff increases

- Rates for Residential and Business property will decrease by 37.5% to 42.2% as the new valuation roll will be implemented from the beginning of the new financial year.
- The increase of Water Tariffs will range from 5.9% to 7.7%.
- The increase of Sanitation Tariffs will be between 6.2% and 13%.
- The tariff increase for Refuse Removal will be between 5.9% and 16.4%

Expenditure category increases

Salaries and Wages (including increments)	- 9.8%
General Expenses	- 15.8%
Repairs & Maintenance (decrease)	- 10.0%
Capital Costs (decrease)	- 27.2%
Bulk Purchases (Water and Electricity)	- 41.2%

The projected increase results from a combination of factors such as (relatively low) generic growth to core tariff-based services, operational efficiencies and revenue-related policies aimed at optimizing and sustaining all income sources.

The financing of capital expenditure from own funds (CRR) totals R 28 707 935. This amount represents an increase to originally planned values and is earmarked to address specific infrastructural capital investment aligned to IDP focus areas. This level is considered to be affordable over the MTRF 3-year period.

Capital investment funding ex Capital Grants represents a significant portion (63.77%) of the Municipality's Capital Budget in 2011/12 and consist mainly of the Provincial Housing Grant and Municipal Infrastructure Grant (MIG).

The 2011/12 Budget was compiled in terms of the Municipal Budget and Reporting Regulations and a phased-in process will be followed to include all information regarding the tables and supporting documentation.

Annual budget Tables

SECTION A – Part 2

1 Budget Process Overview

1.1 Political oversight of the budget process

Section 53 (1) of the MFMA stipulates that the mayor of a municipality must provide general political guidance over the budget process and the priorities that guide the preparation of the budget.

Section 21(1) of the MFMA states that the Mayor of a municipality must coordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget-related policies to ensure that the tabled budget and any revisions of the integrated development plan and budget-related policies are mutually consistent and credible.

Furthermore, this section also states that the Mayor must at least 10 months before the start of the budget year, table in municipal council, a time schedule outlining key deadlines for the preparation, tabling and approval of the annual budget.

This time schedule provides for political input from formal organizations such as portfolio Committees.

1.2. Schedule of Key Deadlines relating to budget process [MFMA s 21(1)(b)]

The IDP and Budget time schedule of the 2011/2012 budget cycle was approved by Council on 28 July 2009, 11 months before the start of the budget year in compliance with legislative directives.

1.3. Process used to integrate the review of the IDP and preparation of the Budget

Updating the IDP and Budget is an evolving and re-iterative process over a 10 month period. The initial parallel process commenced with the consultative process of the IDP in 2010 and the update of the MTRF to determine the affordability and sustainability framework at the same time. A review of the approved 2010/2011 IDP were undertaken in 2010.

1.4. Process for consultation with each group of stakeholders and outcomes

Following tabling of the draft budget in February 2011, local input will be solicited via notices published in all major newspapers, including The Cape Times, Die Burger and The Gazette.

Comments on the IDP/Budget will be made by the public via verbal presentations, facsimiles, emails and in the form of correspondence to the municipality and will be considered for incorporation as part of the draft budget process.

1.5. Stakeholders involved in consultations

The tabled budget will be provided to National Treasury and Provincial Treasury in March 2011 for their consideration in line with S23 of the MFMA.

1.6. Process and media used to provide information on the Budget to the community

The Municipality's consultation process on its draft IDP review and budget will be held during March 2011, where various community organizations and representatives may/will come forward to give input and to re-prioritize some of their needs.

Community representatives and organizations had to review the priorities given previously and to ascertain whether it has been captured as priorities during the 2010/11 IDP process.

1.7. Methods employed to make the Budget document available (including websites)

In compliance with the Municipal Finance Management Act and the Municipal Systems Act with regards to the advertising of Budget Documents (including the Tariffs, Fees and Charges for 2011/12), advertisements will be placed in The Cape Times, Die Burger and the community newspapers. The information relating to resolutions and budget documentation will be displayed at the notice boards in the municipal offices as well as libraries.

In compliance with S22 of the MFMA, the Budget documentation will be published on the municipality's website following the approval thereof at Council.

2 IDP Overview and Amendments

- The Vision of the Municipality

The Municipality's long term vision:

Together we strive for a unified, prosperous community where people are at the centre of development.

- **MISSION**

Council will achieve its vision to:

- *establish good and transparent Local Government*
- *provide equal, sustainable and affordable services to everyone*
- *enhance cooperation between all relevant stakeholders through community participation processes*
- *established and improve social and economic development for all*
- *enhance sustainable environmental development where everyone experience a safe, secure and clean environment*

- **Alignment with Provincial and National Government**

Langeberg Municipality's development plan needs to align with National and Provincial initiatives to ensure optimal impact from the combined efforts of government. In this regard there are six critical elements: Accelerated and Shared Growth-South Africa (ASGI-SA), National Spatial Development Perspective (NSDP), National Strategy for Sustainable Development (NSSD), Provincial Growth and Development Strategy (PGDS) and Provincial Spatial Development Framework (PSDF).

All these feed into and influence the Integrated Development Plan.

- **Langeberg Municipality Budget Priorities (Key Performance areas)**

The Municipality's 2011/12 to 2013/14 integrated development plan focuses on six strategic focus areas. The concrete objectives for each strategic focus area have been outlined and elaborated on. These objectives will be used to further

develop key performance indicators against which performance implementation monitoring and reporting will be done. The corporate scorecard outlines these indicators and targets.

The six focus areas are:

- to effectively respond to the Housing needs of the community
- to deliver quality basic services
- to create a basis for Local Economic Development
- to transform the organizational and develop its of administration in line with councils new vision
- to practice Sound Financial Management
- to strengthen public confidence through effective Stakeholder Management

- **Amendments to the Integrated Development Plan**

Amendments were made to the Integrated Development Plan.

The complete Integrated Development Plan is attached as Section C.

3 Measurable performance objectives and indicators

(a) KEY FINANCIAL INDICATORS AND RATIOS

Information regarding key financial indicators and ratios are provided on Supporting Table SA 8.

(b) MEASURABLE PERFORMANCE OBJECTIVES

Information regarding revenue is provided as follows:

Revenue for each vote	- SA 26
Revenue for each source	- SA 25

Provision of free basic services:

(i) Amount in rand value of each of the free basic services:

Refuse	R 5 850 000
Water(Basic charges)	R 3 900 000
Sewerage	R 7 644 000
Electricity	R 2 196 000

(ii) Level of service to be provided

Indigents will receive 50 kWh of electricity and 6 kiloliter of water per month while their basic charges for water, refuse and sewerage will be subsidized.

(iii) Number of households to receive free basic services

There is budgeted for 6 500 households that will receive 50 kWh electricity per month while all consumers in the municipal area will receive 6 kiloliter water per month.

(iv) Total budgeted for providing each basic service

Refuse	R 15 956 693
Water(Basic charges)	R 27 196 092
Sewerage	R 18 204 985
Electricity	R 206 626 696

(c) PROVIDING CLEAN WATER AND MANAGING OF WASTE WATER

The following information is provided as requested in terms of Circular 56 from National Treasury.

Name of the Water Service Authority in the area and name of the Water Service Provider, and who actually manages the provision of drinking water and waste water management (if outsourced).

Langeberg Municipality is both the Water Service Provider and the Water Service Authority and manages the provision of drinking water and waste water management.

The Blue Drop and Green Drop performance ratings (as determined by the Department of Water Affairs) applicable to all water and waste water services within the municipality, highlighting areas that require attention.

A blue drop rating provided by Provincial Department. The town was scored as follows:

Ashton	57.8
Robertson	54.8
McGregor	54.75
Montagu	50.8
Bonnievale	54.8

The current status of the municipality's Water Safety Plan and measures to be taken in 2011/12 and over the MTRF to implement it.

Water Safety Plan: There is no formal water safety plan in place.

A brief outline of problems that the municipality is experiencing with regards to the management of drinking water and sewerage.

A. Unqualified personnel: Existing personnel ABET skills levels inadequate to allow them for further secondary training. If qualified personnel are appointed, current personnel will be redundant which is not acceptable.

B. Inadequate laboratory equipment.

- C. Availability of funds in the annual budget for purchasing of chemicals throughout the year without any time consuming strains, and better planning of our budget for civil services.

An outline of the steps the municipality needs to take to address the problems noted.

Step 1.

When vacancies become available in the future qualified personnel be appointed.

Step 2.

Current personnel must receive practical training at the work place.

Step 3.

The possibility of acquiring more equipment to be able to do more tests on our own water quality on our own premises.

Step 4.

Not all plants are on standard to provide services for individual towns. Constant upgrading is therefore necessary to be able to manage water qualities.

2011/12 budget and MTRF allocations proposed/made to fund the above measures.

Funds are provided in the budget for training as well as upgrading of purification plants.

4 Overview of Budget Related Policies and Amendments

The following budget related policies have been approved by Council, or have been reviewed / amended and / or are currently being reviewed / amended, in line with National Guidelines and Legislation.

Tariff Policy
Credit Control and Debt Collection Policy
Cash Management and Investment Policy
Rates Policy
Supply Chain Management Policy
Veriment Policy
Funding and Reserves Policy

Policies which have been amended according to the recommendation here-under, will be available at libraries in the municipal area and the website of the municipality.

Herewith information regarding the amendment of policies:

TARIFF POLICY

The Municipal System Act requires Council to adopt a Tariff Policy. The general financial management functions covered in section 62 of the MFMA includes the implementation of a tariff policy. Specific legislation applicable to each service has been taken into consideration when determining this policy.

No amendments were recommended.

CREDIT CONTROL AND DEBT COLLECTION POLICY

This Policy has been formulated in terms of section 96 (b) and 98 of the Local Government: Municipal Systems Act, 2000 and the Credit Control and Debt Collection By-Law.

Amendments recommended

- (a) *Death of owner of private property or tenant/beneficiary of municipal property*

The municipality is experiencing the following problems in situations when the owner (the accountholder) of private properties or tenants of municipal property dies:

- (a) The persons staying in the private property cannot apply for indigent subsidy as they are not the accountholder, although they are indigents.
- (b) The persons staying on the property and who is using the municipal services can not be held responsible as they are not the accountholder
- (c) Rates and outstanding amounts increase against the estate.

Comments

Procedures has been drafted to address above concerns/problems and could be included in the Credit Control and Debt Collection Policy of Council:

Recommendation

The following procedures has been drafted to address above concerns/problems and should be included in the Credit Control and Debt Collection Policy of Council:

Paragraph 7.14: DEATH OF OWNER OF PRIVATE PROPERTY OR TENANT/BENEFICIARY OF MUNICIPAL PROPERTY

The procedures as indicated hereunder must be followed in cases where the owner of a private property or tenant/beneficiary of municipal housing property (RDP houses and municipal houses for renting) has died:

7.14.1 Procedures to register accounts in the name of the person who is responsible for a property

- (a) *As transitional arrangement will households be granted a period of three (3) months as from 1 July 2011 to ensure that accounts are registered in the name of the person who is responsible for the property and use the services of the municipality*
- (b) *After the transitional period as per paragraph (a) above, must households register the account in the name of the person responsible for a property within a period of one (1) month after the death of the owner of the property.*
- (c) *The person responsible for the property must certify that he/she accepts the conditions as indicated on a declaration form before he/she can apply for services of the municipality.*

- (d) *The following conditions must be included in the declaration form as per paragraph (b) above and the person responsible for the property must certify that he/she:*
- (i) occupy the property legally*
 - (ii) are responsible for the property.*
 - (iii) take responsibility for the outstanding amount of the owner who has died*
 - (iv) take responsibility for rates and taxes*
- (e) *A death certificate or any other proof must be provided that the owner of the property has died*
- (f) *Both the declaration form and application form for services must be completed and certified before services will be connected.*
- (g) *With regards to municipal properties will the Housing Department give written approval that the account can be registered in the name of the applicant to ensure control over municipal properties.*
- (h) *The community and households must be informed by means of notices and public meetings of their responsibility to register the account in the name of the person responsible for the property.*
- (i) *Transitional arrangement as per paragraph (a) - After a period of three (3) months will services be disconnected to enforce households to apply for services to ensure that households take responsibility for services that are used*
- (j) *After the transitional period - If the declaration and application forms is not completed within a period of one(1) month will services be disconnected to enforce households to apply for services to ensure that households take responsibility for services that are used.*
- (k) *If services have been disconnected and no person has taken responsibility for the outstanding account after a period of one(1) month after the services have been disconnected, will the outstanding amount be provided to the attorneys / legal adviser for sale of execution.*

(b) Property related debt

Background

Some owners of properties within the municipal area do not want to take responsibility of the accounts of tenants.

Comments

The following paragraph should be included in the policy. Section 118 of the Local Government: Municipal System Act indicates that all outstanding monies of the last two years regarding a property (from owner as well as tenant) are payable before a rates clearance certificate may be issued by a municipality.

Recommendation

That the following paragraph be included in the policy:

An amount due for municipal service fees, surcharges on fees, property rates and other municipal taxes, levies and duties is a charge upon the property in connection with which the amount is owing and enjoys preference over any mortgage bond registered against the property and shall be for the account of the registered owner regardless of who incurred such debt.

(c) Free electricity (50Kwh) to indigents in rural area

Background

There were many requests received for indigent support for indigents on farms within the municipal area. In terms of the policy are indigent support only provided to accountholders, and as the accountholders are farm-owners were no free electricity provided to indigents on farms.

Comments

The issue has been investigated and is it possible to provide free electricity to indigents on farms in the municipal area where electricity are provided to those farms by the municipality.

The financial system can be adjusted so that the electricity account of the farmer be credited with the electricity units that the indigent/labourer on farms has bought.

Recommendation

That the policy be adjusted as follows:

That 50Kwh free electricity be allocated to indigent cases with a household income of less than R 3000 per month, including indigents in the rural area who is not accountholders.

CASH MANAGEMENT AND INVESTMENT POLICY

The underlying cash is managed and invested in accordance with the Municipality's approved Cash Management and Investment Policy, which is aligned with National Treasury's municipal investment regulations dated 01 April 2005.

No amendments were recommended.

RATES POLICY

In 2005, the Municipality initiated a process to prepare a General Valuation Roll of all property in terms of the Local Government: Municipal Property Rates Act 6 of 2004 (MPRA) which became operative on 2 July 2005. A Rates Policy in accordance with Section 3 of the MPRA was approved Council.

Amendments recommended

Municipal Properties

Background

All municipal properties were exempted from rates as from 1 July 2007 as there was no capacity to do the necessary charges.

Comments

The necessary capacity has been created to ensure that municipal properties that are not used for municipal purposes could be charged for rates as from 1 July 2011.

Recommendation

That municipal properties that are not used for municipal purposes be charged for rates as from 1 July 2011.

SUPPLY CHAIN MANAGEMENT POLICY

Section 111 of the MFMA requires each Municipality and municipal entity to adopt and implement a supply chain management policy, which gives effect to the requirements of the Act. The Municipality's Supply Chain Management Policy was approved by Council.

Background

National Treasury has indicated with MFMA Circular No. 53 of 3 September 2010 that points may not be allocated for functionality any more. Points may only be allocated for price, HDI's and achieving RDP goals.

Suppliers who are not registered for VAT has benefitted from the application of the Supply Chain Management Policy. The quotation amount of suppliers registered for VAT must include VAT, but the quotation amount of suppliers who are not registered for VAT do not include VAT – therefore were suppliers who are not registered in same cases cheaper and were quotations/tenders awarded unfairly to suppliers who are not registered for VAT.

Comments

To ensure that all suppliers are treated equally, should, in cases where suppliers are not registered for VAT, VAT be added to the quotation amount for evaluation/comparing purposes only.

Recommendation

That in cases where suppliers are not registered for VAT, VAT be added to the quotation amount for evaluation/comparing purposes only.

That the necessary changes be made to the policy and that the policy be placed on the municipal website for comments.

VERIMENT POLICY

National Treasury has advised municipalities to implement an veriment policy to ensure that funds can be shifted for of operational requirements to ensure that service delivery are not hampered. The policy has been approved by Council as from 1 July 2010

No amendments were recommended.

FUNDING AND RESERVE POLICY

Background

In terms of section 8 of the Municipal Budget and Reporting Regulations must each municipality have a funding and reserves policy.

Comments

A policy has been drafted in terms of the Regulations and will be placed on the municipal website.

Recommendation

That the draft Policy as placed on the municipal website be accepted.

5 Overview of Budget Assumptions

Expenditure

Salaries and Allowances

It is assumed that salaries of employees and councillors will in terms of the National Bargain Council negotiations of salary increases for the following three years. The following was negotiated for 2011/12 namely:

Salary increase based on CPIX plus 2%

The Minister of Finance will approve increases of councillors during the 2011/12 financial year, and the increase will be implemented as from 1 July 2011.

It is also assumed that the current employees will not resign and therefore were budgeted for notch increases of all employees.

General expenditure

It is assumed that costs for services and fuel will increase minimally. It is also assumed that the capital projects for 2011/12 will be completed during the financial year as there were budgeted for the depreciation of such projects as per general recognized accounting practice (GRAP). Depreciation on new capital expenditure is calculated at a varying rate ranging between 9 and 20 years depending on the nature of the asset.

Repairs and Maintenance

It is assumed that municipal infrastructure and assets will be maintained as per previous years and that no major breakages will take place during the financial year.

Capital costs

It is assumed that interest rates will be stable during the financial year, but the provision for capital has not been decreased.

Bulk Purchases

It is assumed that electricity tariffs of Eskom will increase by 26.71% as from 1 July 2011, as approved by NERSA.

Income

Households

It is assumed that the total households in the municipal area (the tax base) will stay stable during the financial year.

Collection rate for municipal services

It is assumed that the collection rate (percentage of service charges recovered) for the financial year will be the same as the current payment rate.

In accordance with relevant legislation and national directives, the estimated revenue recovery rates are based on realistic and sustainable trends. The Municipality's collection rate is set at an average of 97%. Adequate provision is made for non-recovery. Whilst collection rates will vary between different services and be based on current trends, special provision was made to cater for roll-out of an extended indigent program.

Grants

It is assumed that the National and Provincial grants as per Division of Revenue Act (DORA) which has been included in the budget, will be received during the 2011/12 financial year.

Indigents

It is assumed that the indigents will increase during the financial year due to the economic situation.

6 Overview of Budget Funding

Summary

The operating budget for 2011/12 will be financed as follows:

Charged for electricity, water, refuse and sewage	R 293 379 568
Property Rates	R 25 375 597
Provincial and National Grants	R 53 175 000
Sundry charges / Other	R 26 518 228

The capital budget for 2011/12 will be financed as follows:

Own Funds (Capital Replacement Reserves)	R 28 707 935
Grants	R 50 538 000

Reserves

The accumulated surplus will be used to finance the depreciation on assets as the impact of the full provision for depreciation will make the tariffs not affordable to residents. The financing of the depreciation will be phased in over a medium to long term period.

Sustainability of municipality

The way that the budget is funded will ensure that the municipality will be sustainable on the short term. The full effect of huge increases in electricity tariffs, which the municipality has no control over, may on the long run impact negatively on the sustainability of the municipality. This is a huge concern for the municipality.

Impact on rates and tariffs

The way that the budget is funded will ensure that, except for electricity tariffs, tariff increases will range from 5.9% to 16.4%. The municipality has no control over the increases of electricity tariffs and with the 26.71 % increase in electricity tariffs of Eskom, the increases in tariffs will have a negative impact on the local economy.

Property valuations, rates, tariffs and other charges

The valuation of properties is based on valuations as on 2 July 2010. The General Valuation was done in terms of the Property Rates Act, (Act 6 of 2004) and implemented on 1 July 2011.

The rates tariffs as well as tariffs for electricity, water, refuse, sewage together with the sundry tariffs are listed in Section B – Tariffs. The tariff increases are also indicated.

Collection Rate

Income levels for service charges and rates for the budget year were based on the following collection rates:

Rates	98,5%
Electricity	98,4%
Water	95%
Sanitation	96%
Refuse	98%

Planned savings and efficiencies

The following areas were identified for possible savings after the efficiency of the usage of the assets/services has been evaluated:

Telephone costs
Overtime

Investments

Particulars of monetary investments:

Deposit	R 20 million	Maturity date – 24 May 2011
Deposit	R 20 million	Maturity date – 21 July 2011
Deposit	R 30 million	Maturity date – 22 September 2011

Contributions and donations received

There was not budgeted for any contributions and donations to be received.

Planned proceeds of sale of assets

None

Planned use of previous years cash backed accumulated surplus

It is planned to use the previous years cash backed surplus to increase the Capital Replacement Reserves, for future capital projects.

Particulars of existing and any new borrowing proposed to be raised

There are no new borrowing proposed.

Particulars of budgeted allocations and grants

Operating budget

Financial Management Grant	R 1 250 000
Municipal System Improvement Grant	R 490 000
Equitable Share Allocation	R 45 173 000
Grant Langeberg Ashton Foods	R 5 000 000
Maintenance of Proclaimed Roads	R 187 000
Bake for profit	R 200 000
Library Services	R 875 000
Community Development Worker (CDW)	<u>R0 000</u>
Total	R 53 175 000

Capital budget

Municipal Systems Improvement Grant	R 300 000
Integrated Housing and Settlement Grant	R 25 689 000
Municipal Infrastructure Grant	R 15 149 000
Social Development - Thusong Centre	R 3 000 000
Cleanest Town Awards	R 400 000
Public Works	R 1 000 000
Integrated National Electricity Programme	R 3 000 000
Neighbourhood Development Grant	<u>R 2 000 000</u>
Total	R 50 538 000

FUNDING ASSESSMENT FOR 2011/12

The following table lists the factors that have been reviewed. Each of the factors is then further described below.

No.	Funding Compliance
1	Cash/cash equivalent position
2	Cash plus investments less applications
3	Monthly average payments covered by cash or cash equivalents
4	Surplus/deficit excluding depreciation offsets
5	Property Rates/service charge revenue % increase less macro inflation target
6	Cash receipts % of ratepayer and other revenue
7	Debt impairment expense % of billable revenue
8	Capital payments % of capital expenditure
9	Borrowing as a % of capital expenditure (less transfers/grants/contributions)
10	Transfers/grants revenue as a % of Government transfers/grants available
11	Consumer debtors' change (Current and Non-current)
12	Repairs & maintenance expenditure level
13	Asset renewal/rehabilitation expenditure level
14	Financial Performance Budget result
15	Financial Position Budget
16	Cash Flow Budget
17	Other key performance measures
18	Summary question

Funding compliance factor description

Each of these 'funding factor' have been analyzed and reviewed in their entirety prior to undertaking any analysis. Where the factor appears unfavourable and cannot be adequately motivated, the budget has been adjusted appropriately.

(a) Cash/cash equivalent position

The municipality's forecast a positive cash position for the medium term as all reserves and working capital are cash-backed. The cash situation seems as if it get worse, as the funding of the capital projects from own funds has been taken into consideration. History has indicated that although the municipality do not

budget for surpluses (maybe to conservative), were surpluses recorded for the last few years.

(b) Cash plus investments less application of funds

The purpose of this measure is to understand how the municipality has applied the available cash and investments identified at factor 1.

Although the investment amount has been decreased, is there expenses for housing and infrastructure projects of a few million rand that has been claimed that still must be received by the municipality.

(c) Monthly average payments covered by cash or cash equivalents

The purpose of this measure is to understand the level of financial risk (ability to meet monthly payments as and when they fall due) should the municipality be under stress.

The municipality does recover enough cash on a monthly basis to cover its monthly average payments. However, a financial risk is if unforeseen circumstances have a major negative impact on the income from electricity services (which is nearly 50% of the municipality's income).

(d) Surplus/deficit excluding depreciation offsets

The main purpose of this measure is to understand if the revenue levels are sufficient to conclude that the community is making a sufficient contribution for the municipal resources consumed each year. An 'adjusted' surplus/deficit is achieved by offsetting the amount of depreciation related to externally funded assets.

This exercise indicates that there will be a surplus if the depreciation has been offset.

(e) Property Rates/service charge revenue % increase less macro inflation target

The purpose of this measure is to understand whether the municipality is contributing appropriately to the achievement of national inflation targets. This measure is based on the increase in 'revenue', which will include both the change in the rate or tariff as well as any assumption about real growth (i.e. new property development, services consumption growth).

The increase in tariffs for rates and other services (excluding electricity) range from 6-8% which is more than the inflation target. Electricity increases by NERSA/Eskom of 26.1% has a major impact on tariff increases. The municipality has increased its tariffs by 20-26% due to implementing one tariff structure for both consumers within old municipal boundaries) and rural consumers outside old municipal boundaries.

(f) Cash receipts % of ratepayer and other revenue

This factor is a macro measure of the rate at which funds are 'collected'. This measure is intended to analyze an underlying assumed collection rate; i.e. how much cash is expected to be collected from current billing, charges and arrear debtors.

The assumed collection rate is based on collections of service charges of the current year (2010/11) and is regarded as realistic.

(g) Debt impairment expense % of billable revenue

This factor is to measure whether the provision for debt impairment is being adequately funded and is based on the underlying assumption that the provision for debt impairment (doubtful and bad debts) has to be increased to offset under-collection.

Debt impairment has been based on service charges not collected during the current year (2010/11) and is regarded as realistic.

(h) Capital payments % of capital expenditure

The purpose of this measure is to mainly understand whether the timing of payments is being taken into consideration when forecasting the cash position. The measure focuses on the capital budget, because expenditure levels for this component of the budget can vary significantly from month to month, as there tends to be monthly consistency for operational budgets.

(i) Borrowing as a % of capital expenditure (excluding transfers, grants and contributions)

The purpose of this measurement is to determine the proportion of a municipality's 'own-funded' capital expenditure budget that is being funded from borrowed funds to confirm MFMA compliance. Externally funded expenditure (by transfers/grants and contributions) should be excluded.

(j) Transfers/grants revenue as a % of Government transfers/grants available

The purpose of this measurement is mainly to ensure that all available transfers from other government (national, provincial or district municipalities) have been included in the municipal budget, or that the transfer/grant budgets do not exceed available funds. A percentage less than 100 per cent could indicate that all Division of Revenue Act (DoRA), provincial transfers or district transfers have not been budgeted and should be immediately reviewed.

The transfers/grants as per Division of Revenue Act (DoRA) (100%) have been included in the revenue budget.

(k) Consumer debtors change (Current and Non-current):

The purpose of these measures is to ascertain whether budgeted reductions in outstanding debtors are realistic.

The amount of outstanding debtors is regarded as realistic.

(l) Repairs & maintenance (R&M) expenditure level

This measure is included within the funding measures criteria because a trend that indicates insufficient funds are being committed to asset repair could also indicate that the overall budget is not credible and/or sustainable in the medium to long term because the revenue budget is not being protected.

The budgeted amount for Repairs and Maintenance is regarded as sufficient as it has increased by 6% from the 2010/11 budget. There was also budgeted in the capital for the replacement of equipment.

(m) Asset renewal/rehabilitation expenditure level

This measure has a similar objective to the R&M measures, but focus on the credibility of the levels of asset renewal plans.

There is no asset renewal plans, but assets are maintained to be operational.

(n) Financial Performance Budget result (surplus/deficit)

The purpose of this measure is to assess the overall budget.

The municipality's forecast a positive cash position for the medium term as all reserves and working capital are cash-backed. The cash situation seems as if it get worse, as the funding of the capital projects from own funds has been taken into consideration. History has indicated that although the municipality do not budget for surpluses (maybe to conservative), were surpluses recorded for the last few years.

The municipality does recover enough cash on a monthly basis to cover its monthly average payments. However, a financial risk is if unforeseen circumstances have a major negative impact on the income from electricity services (which is nearly 50% of the municipality's income).

(o) Financial Position Budget

The purpose of this measure is to also assess the overall budget.

Although the investment amount has been decreased, is there expenses for housing and infrastructure projects of a few million rand that has been claimed that still must be received by the municipality.

(p) Cash Flow Budget

The purpose of this measure is to also assess the overall budget.

The municipality does recover enough cash on a monthly basis to cover its monthly average payments. However, a financial risk is if unforeseen circumstances have a major negative impact on the income from electricity services (which is nearly 50% of the municipality's income).

(q) Summary

The municipality currently does have enough funds and generate enough cash to meets its operational requirements. The financial position of the municipality is monitored on a monthly basis by the Finance Portfolio Committee and corrective steps will be taken, if needed.

7. Expenditure on allocations and grant Programmes

Particulars of budgeted allocations and grants

Operating budget

Financial Management Grant	R 1 250 000
Municipal System Improvement Grant	R 490 000
Equitable Share Allocation	R 45 173 000
Grant Langeberg Ashton Foods	R 5 000 000
Maintenance of Proclaimed Roads	R 187 000
Bake for profit	R 200 000
Library Services	R 875 000
Community Development Worker (CDW)	<u>R 0 000</u>
Total	R 53 175 000

Capital budget

Municipal Systems Improvement Grant	R 300 000
Integrated Housing and Settlement Grant	R 25 689 000
Municipal Infrastructure Grant	R 15 149 000
Social Development	R 3 000 000
Cleanest Town Awards	R 400 000
Public Works	R 1 000 000
Integrated National Electricity Programme	R 3 000 000
Neighbourhood Development Grant	<u>R 2 000 000</u>
Total	R 50 538 000

The above allocations and grants have been included in the operating and capital budgets.

PROVISION OF INFORMATION

Tariffs as determined in government Gazette No. 24844 van 16 May 2003 (see attached)

Annexure A
GENERAL VALUE-ADDED TAX

Public and private bodies registered under the Value-Added Tax Act, 1991 (Act No. 89 of 1991), as vendors may add value-added tax to all fees prescribed in this Annexure

PART I
FEES IN RESPECT OF GUIDE

1 The fee for a copy of the guide as contemplated in regulations 2 (3) (b) and 3 (4) (c) is R0,60 for every photocopy of an A4-size page or part thereof

PART II
FEES IN RESPECT OF PUBLIC BODIES

1 The fee for a copy of the manual as contemplated in regulation 5 (c) is R0,60 for every photocopy of an A4-size page or part thereof.

2 The fees for reproduction referred to in regulation 7 (1) are as follows: R

(a) For every photocopy of an A4-size page or part thereof 0,60

(b) For every printed copy of an A4-size page or part thereof held on a computer or in electronic or machine-readable form 0,40

(c) For a copy in a computer-readable form on—

(i) stiffy disc 5,00

(ii) compact disc 40,00

(d) (i) For a transcription of visual images, for an A4-size page or part thereof 22,00

(ii) For a copy of visual images 60,00

(e) (i) For a transcription of an audio record, for an A4-size page or part thereof 12,00

(ii) For a copy of an audio record 17,00

3 The request fee payable by every requester, other than a personal requester, referred to in regulation 7 (2) is: 35,00

4 The access fees payable by a requester referred to in regulation 7 (3) are as follows:

(a) For every photocopy of an A4-size page or part thereof 0,60

(b) For every printed copy of an A4-size page or part thereof held on a computer or in electronic or machine-readable form 0,40

(c) For a copy in a computer-readable form on—

(i) stiffy disc 5,00

(ii) compact disc 40,00

(d) (i) For a transcription of visual images, for an A4-size page or part thereof 22,00

(ii) For a copy of visual images 60,00

(e) (i) For a transcription of an audio record, for an A4-size page or part thereof 12,00

(ii) For a copy of an audio record 17,00

5 To search for and prepare the record for disclosure, R15,00 for each hour or part of an hour, excluding the first hour, reasonably required for such search and preparation

6 For purposes of section 22 (2) of the Act, the following applies:

a) Six hours as the hours to be exceeded before a deposit is payable; and

b) one third of the access fee is payable as a deposit by the requester.

7) The actual postage is payable when a copy of a record must be posted to a requester.

FINANCIAL SERVICES**SERVICE DEPOSITS**

Deposits are settled on one month's highest consumption, excluding property rates, plus 25%. (The highest monthly consumption during the recent 12 months is used)

The deposits of new connections are based on similar circumstances. If the deposits are proven incorrect after 3 months the deposit amount can be adjusted.

PENALTY / INTEREST ON LATE PAYMENTS

Interest on late payments (excluded diversification accounts) will be levied monthly against the prime rate.

Town halls with wooden floors will not be rented out for karate, dances, aerobic or inhouse sport.

All organisations and forums used by Council for advice and consultation may use the halls 4 times per year without paying a deposit or the open and closed fee.

All non-profit organisations and forums may use the hall 4 times per year at a tariff of R40.00 per occasion plus the open and close fee as announce in the tariffs (if necessary). without paying the deposit. If the hall will be used for fundraising by the non-profit organisation or forum the normal tariffs will be appropriate.

All organisations and forums shall however be oblige to officially apply for the use of the halls by writing for record purposes.
